STATEWIDE FURNITURE CONTRACT
EFFECTIVE FROM DECEMBER 5, 2012 TO DECEMBER 4, 2017

SECTION I - CONTRACT LIST AND SUMMARY

A list and summary of current contracts, product categories and discount from the Manufacturer's List Price for standard delivery. Standard delivery is inside and ready for use. Inside means any location within a State User's occupied building. Ready for use means product is unpacked and assembled. Click on the Contractor name link to view additional information about the contract including their approved in-state authorized dealer/reseller(s).

SECTION II - AWARDED CONTRACT INFORMATION

Overview of each contract, contact information, discount, warranty, product and price list link and approved in-state authorized dealer/reseller(s) with whom orders shall be placed. There are no direct orders with any Contractor, all orders and payments go through in-state authorized dealer/reseller(s). The Contractor's list of authorized dealer/reseller(s) are assigned a SCEIS reference number. Click on the SCEIS number to access the dealer/reseller contact information. The applicable Contractor's statewide contract number shall be indicated on all Purchase Orders. The Contractor is responsible for reporting all sales to State Users* made under the Contract by all of their authorized in-state dealer/reseller(s). *State Users include all State Agencies, State Colleges and Universities, Counties and Local Political Subdivisions including cities, counties, school districts, special purpose districts and other local government entities.

SECTION III – CONTRACT OVERVIEW

Answers to frequently asked contract questions. For access to the Contract documents, Click on this link: **TERMS AND CONDITIONS** and select Amendment 1. If you need assistance please e-mail me at cnorfleet@mmo.sc.gov. Thank you!

SECTION III – CONTRACT OVERVIEW

- Products offered under this contract shall be new, unused, and in current production by the manufacturer. **Products EXCLUDED from purchase under this contract are** auditorium/fixed seating, laboratory fixtures and equipment, information technology/data fixtures featuring or facilitating technology applications and software, raised floor systems, components and attachments and used, remanufactured or refurbished products.

- **State Users include State Agencies, State Colleges and Universities, Counties and Local Political Subdivisions including cities, counties, school districts, special purpose districts and other local government entities.**

- **Minimum discount from the Manufacturer's List Price of 50% for standard delivery is required. Standard delivery is inside and ready for use unless otherwise stated on the State User's purchase order. Inside means any location within a State User's occupied building. Ready for use means product is unpacked and assembled.** The contractor or dealer/reseller must anticipate and make arrangements for access to the delivery location considering presence and availability of elevators, steps, parking and hours of operation. The contractor or dealer/reseller shall be responsible for the removal and disposal of all packaging materials.

- **The State User may request an additional discount from Manufacturer's List Price when less than standard delivery requirements as stated above are preferred and requested by the State User. Additional volume discounts on purchases totaling $50,000+ may be offered.** State may request quotes from the awarded contractors and/or dealer/reseller(s) under this contract and make the purchase based on the best value (i.e. not necessarily lowest price). If the contractor chosen for the purchase does not offer the lowest price, it is recommended that the State User document the reasons it believes that the contractor chosen offers the best value overall.

- **Contractor or dealer/reseller shall not impose any minimum orders, ship quantities, or minimum dollar values to receive the minimum required discounts from list price.**

- **No surcharges of any type shall be applied by the manufacturer or any of their authorized dealer/resellers** to invoices for contract purchases. The State shall be reimbursed for any charges that were applied and erroneously paid by a State User.

- **Installation of product(s) that require custom fit and/or placement, are complex due to the nature of the product or the size and scope of the project, will be stated on the quote separate from the cost of the product (UNLESS such costs are included in the Manufacturer's List Price).** Examples of such products that may warrant a separate quote for installation may include, but are not limited to: cubical, open concept, panel system furnishings, laboratory or clinical furnishings, fixed file systems. Situations that may warrant a separate quote for installation may include a large installation such as an entire dorm, new school, new building, and off-hour installations. Damages to State property during installation by the contractor will be repaired at the contractor's expense. State User may elect to have product installed by another source. If the State User elects to use another source for installation, the product warranty will remain in full force and effect on the product(s) unless failure or damage to the product(s) is a result of the installation.

- **Authorized dealer/reseller will receive purchase orders and payments, including utilization of a State Purchasing (credit) Card on orders and for payments, and otherwise service the contract according to the Contract(s) with the Manufacturer(s)/Contractor(s) they represent**. The contractor's dealer/reseller(s) network must provide coverage of all 46 counties within the State, have showroom(s) and/or office(s) in the State of South Carolina from which it sells and services the contractor's products, employs full time sales, consulting and service personnel, has the ability to make field modifications and repairs and has personnel, vehicles and equipment available to make delivery of any item ordered from the contract. Contractor shall

not perform any work prior to the receipt of a purchase order from the State User. Purchase orders may be used to elect any options available under this contract, e.g., quantity, item, delivery date, payment method, but are subject to all terms and conditions of this contract. Purchase orders may be electronic - no particular form is required.

- **Contractor agrees to accept payment by the South Carolina Purchasing Card at no extra charge.** The purchasing card allows state agencies to make authorized purchases from a vendor without the requirement to issue a purchase order. An order placed pursuant to the purchasing card provision qualifies as a purchase order.

- The State User will not accept or store furniture for the contractor and/or their dealer/reseller(s). The contractor and/or dealer/reseller are responsible for and must provide direct supervision of receipt, inspection and standard delivery.

  The dealer/reseller will clearly identify all sales under this contract to each Contractor they represent for ALL SALES TO ALL STATE USERS. The Contractor's Contract Number shall be referenced on all quotes, purchase orders, invoices (including those paid by credit card), and other documentation.

- **The State requires a warranty period for all furniture purchases under this contract.** Warranties vary from contract to contract depending on the product's intended use and the inherent nature of the materials used. In most cases the warranty will be 10 years to Lifetime from date of acceptance of the product although coverage period exceptions have been accepted by the State on certain products and product components, i.e. moving parts, fabric, mesh, high use, extreme conditions, etc. Regardless, if faults develop with a product or component during the coverage period, they shall be repaired or replaced without any cost, including transportation and installation, to the State customer.

- Maximum delivery time is **90 days After Receipt of Order (ARO)** by the dealer/reseller, unless pre-negotiated with State User (for example if there is a custom order, finish, that will require additional time).

- **Design Service** may be utilized if offered by the contractor but the cost for such service will be quoted separately. Fabrics classified as **"Customer's Own Fabric"**, are not available under this contract UNLESS the manufacturer publishes a price and category for Customer's Own Fabric as it does other fabric categories (i.e. Class A,B,C, and so on).

- **State User may cancel an order up to 30 days ARO by the authorized dealer/reseller without penalty IF the dealer/reseller has not yet received acknowledgement of the order from the contractor/manufacturer.** The State User must give written notice of cancellation to the authorized dealer/reseller. The contractor, at their option, may charge the State User a restocking fee. **Orders may not be cancelled once the dealer/reseller has received acknowledgment of the order from the contractor/manufacturer.** No "Quick ship" orders and/or special products may be cancelled after the order is scheduled for shipment.
